THE TOUR

A 28 CITY, NATIONWIDE TOUR HEADLINED BY FALLING WHISTLES FOUNDER AND VAGABOND SCRIBE, SEAN CARASSO.

THE GOAL

TO CREATE A COUNTRYWIDE COALITION FOR PEACE IN THE DEMOCRATIC REPUBLIC OF CONGO.

EDUCATE

The first step in creating change is to create understanding. This tour aims to share the story of Falling Whistles and the realities of the war in the Congo one classroom, storefront or community space at a time.

DISSEMINATE

The second step is to use understanding in order to foster action. Reaching new, greater audiences, this tour aims to build communities of whistleblowers across the country, empowered and working toward peace.

ACCUMULATE

We want to best equip our local Congolese partners to help rehabilitate war-affected children and to best equip our advocacy team to alter US policy at home and abroad. But to do this we need to provide them with consistent financial support, and that means fundraising here in the US.

THE RUNDOWN

Each stop's itinerary will be tailored to its local needs and benefits. Local leaders will coordinate with Falling Whistles staff to create the best events and local structure to empower local communities.
